WARRANDYTE VIC 3113

Dear Lucy,

Thank you once again for Love Your Sister's ongoing support of Garvan's cancer research and of Professor David Thomas' and Dr Mandy Ballinger's MoST / CaSP program. Please accept our sincere appreciation for your gifts of \$1,982,857 received in December. I am pleased to attach multiple receipts for these gifts.

Your commitment to medical research is instrumental in enabling our world-class researchers to achieve life-changing impacts for the many thousands of people globally affected by diseases, both rare and common.

On behalf of all of those who benefit from your generosity, thank you for your continued support and advocacy. If you have any questions or would like additional information, please do not hesitate to contact myself or Brad Timms on (02) 9295 8112 or email b.timms@garvan.org.au

With sincere gratitude and best wishes,

Mara-Jean Tilley
Director of the Garvan Research Foundation
